

## CONTROL ARM -/TRAILING ARM BUSH, REINFORCED "BAD ROADS"

# BC0243

[www.bcguma.ua/auto/BC0243](http://www.bcguma.ua/auto/BC0243)

Article:	BC0243
Numbers of other manufacturers (OEM):	191407181A; 191407181B
Weight, g:	207
Required amount:	2
No. of items in Package:	2
External diameter, mm:	60.0
Inner diameter, mm:	17.0
Thikness, mm:	41.0
Material:	Rubber / Metal
Installation axis:	Rear / Front
Fitting Position:	Left / Right

### APPLICABILITY:

AUDI, SEAT, SKODA, VW

Advantages of Silentblock BC0243 "BAD ROADS"  
In comparison with other manufacturers:

1. Eliminated the critical places of destruction of the elastomer, modernization of the part profile;
2. Changed the composition of the rubber mixture, to improve performance characteristics;
3. The requirements of the consumer are structurally taken into account for secure fitting the part into the lever with a long service life;
4. Applied modern adhesives, for a more reliable connection of the elastomer with the metal.
